FEATURES

Exciting V-twin character with advanced fuel injection for excellent throttle response, power and economy.

The Gladius features Suzuki's first Throttle body Integrated Idle Speed Control (TI-ISC) system. TI-ISC not only allows the ECU to accurately control idle speed and improve cold starting, it also allows the ECU to use controlled amounts of air to smooth engine braking when the rider shuts the throttle.

The easy to read, multi-function display includes a gear position indicator, analogue tachometer, digital speedometer, dual trip meters, reserve trip meter and a clock.

Suzuki Warranty

2 year unlimited mileage warranty with all new Suzuki models.
