FEATURES

Antilock Brake system monitors wheel speed every 1/100th of a second and matches stopping power to available traction for increased stability in emergency situations.

Seat height can be adjusted by 20mm for rider comfort (Low 805mm, high 825mm).

What really counts when riding a motorcycle on the street is the quantity and quality of the torque. The 1255cc liquid cooled, 4 cylinder engine has been designed specifically for the Bandit and produces comparably torque to the GSX-R1000 at a third of the engine speed for phenomenal roll on acceleration.
